

Satsang Inquiry Group

A 6-Week Teleconference Program

Over the course of 6 weeks we will be invited, guided, and supported to investigate into what takes us away from our nature, presence. We will take a close look at the “stories” that create our world view, how that lives in our physical bodies and how that world view perpetuate a misunderstanding about ourselves, our relationships, our reality.

Weekly Satsang with Neelam lay the foundation for new understanding, group meetings offer support for inquiry practice and 1:1 inquiry with a partner lets you directly explore your conditioning and be tenderly present with what is still unseen.

Included

The program includes three Satsangs with Neelam, three facilitated group inquiry sessions, weekly exercises and MP3 recordings of all group sessions.

Prerequisites

Attended Satsang with Neelam within the last year.
